No. 550 Broadway, New York,  
And Rue Richelieu, No. 79, Paris,

In calling attention to their stock, beg to present to the notice of their friends and the public the following facts: That their importations and manufactures in Gold and Silver comprise a more extensive variety than any other house in the same line—that their foreign connections, of which their Paris house is the focal centre, gives them extraordinary facilities for the selection of their general stock, and the execution of special orders—that it is their *determination*, as it is their *interest*, to make reasonable charges as prominent a feature of their establishment as the beauty and variety of their stock.

Diamonds, and other Precious Stones. Fine Jewelry. C. Frodsham's, Cooper's, Jules Jurgensen's, and Patek Philippe & Co.'s Watches. Silver Ware, Plated Ware, Table Cutlery; Clocks, Bronzes, Artistic Gas Fixtures, Desks, Dressing Cases, Work Boxes, Jewel Boxes, Fans, Rich Porcelain, and many other articles of art and luxury.

Every article is marked in plain figures the Lowest Price at which it will be sold. T. & Co. cordially extend to strangers, as well as the resident public, an invitation to inspect their stock, assuring them that a call will incur not the least obligation to purchase.

# ARTIFICIAL LEGS. PALMER'S PATENT

(RENEWED 1860.)

Thousands of these limbs are worn by persons unsuspected. Fifty Gold and Silver Medals, "First Prizes" obtained for them over all competition, prove their public value. ARTIFICIAL FEET for Limbs shortened by Hip Disease—a new, unique, useful, and comely invention. HANDS and ARMS of superior excellence. By

Dr. E. D. HUDSON, late Palmer & Co., Clinton Hall, Astor Pl.

## NEW INVENTIONS IN ARTIFICIAL LEGS.

### SELPHO'S ANGLESEY LEG,

with his newly-invented Lateral Elastic Joint, (patented May 6, 1856.) The above superior substitute for a lost limb, combining all the advantages of his celebrated Anglesey Leg, with the great improvement of the elastic side-motion of the ankle joint, (never before successfully treated.) The side-motion imparts an elastic, life-like feeling, peculiarly grateful and pleasing to the wearer, besides being light and durable. The above has been thoroughly tested, and W. S. offers it with confidence (after nearly 30 years' experience) as superior to any Artificial Leg known.

Also, SELPHO'S ARTIFICIAL HAND, which is so arranged that the wearer can open and shut the fingers, write, &c. Call or address WM. SELPHO, 516 Broadway, (Savings Bank,) opposite St. Nicholas Hotel, New York.

**345 Washington Street, New York,**  
(Cor. Franklin Street.)

Furnishes TEA CADDIES of all sizes from 2 to 20 lbs. which will nest so that a Caddy 18 inches square, will hold six smaller ones inside, and being made light, can be transported to any part of the Country, at a small expense, by which means Western and Southern Dealers can repack their Teas at home, with more satisfaction, at a quarter less expense, than they could have them done in New York, or purchase them already packed.

These caddies have the appearance of original boxes, and are labeled fac-simile of the latest chops of Green and Black Teas.

Small packages contribute largely in effecting sales, as many Families, Steamboats, &c., will buy a 6 or 10 lb. Caddy of good Tea, when they would take but a pound or two if done up in paper; on the other hand small Retail Stores seldom buy a chest of high price Tea at a time.

We find that our customers increase their orders every year, which speaks much in favor of the use of Caddies.

### FANCY CADDIES OF VARIOUS COLORS,

Always on hand. They are handsomely got up, and make a beautiful show for shelves and windows.

Teas repacked to order when required.

Nearly TWO MILLION DOLLARS *well-invested* to meet Losses. Nearly a MILLION paid to Orphans' Creditors of the Insured. Almost a Million in Dividends to Policy Holders. Seventeen Years of uniform prosperity. Last Dividend, 39 per cent. (\$336,000,) paid in CASH.

---

The last year has been distinguished by marked prosperity. Number of Policies issued, 381 more than the year previous. Net Income for 1860, \$449,000; an increase of \$93,000. Addition to the Accumulated Fund, \$364,000; an increase of \$121,000.

Economy, care in its risks, and prudent investments characterize this Company.

The Mutual Principle insures at the lowest possible rates, the surplus funds being returned, *pro rata*, to all the insured.

The terms of payment are peculiarly advantageous to the assured. Premiums can be paid annually, semi-annually, or quarterly; or, one-half of the first five annual premiums on Life Policies loaned to insurers, if desired.

Insurance may be effected for the benefit of married women, beyond the reach of the husbands' creditors. Creditors may insure the lives of debtors.

Documents of an interesting character, showing the benefit of the mutual plan, explaining the different forms of Policies, and the manner of making payments, forwarded, gratis, upon application to
